

Summary of High-Level Talent Demand at Home and Abroad for Listed Companies and Key Enterprises in Shaoxing , 2018

No.	Settle Place	Company Type	Industry Field	Position	Requirements	Professional	Degree	Title	Work Experience	Recruiting Numbers	Annual Salary
1	Xinchang County	Listed Companies	High-end manufacturing	Aviation Technology Expert	Major in sports aircraft design/avionics design/planning and design, more than 15 years' work experience	Aviation	Doctor	Associate professor or above	More than 5 years	2	1000-2000thousand
2				Consultant specialist, Central Research Institute	Aluminum/Magnesium alloy research direction, more than 15 years working experience	Automobile parts	Doctor or	Associate professor or above	More than 5 years	2	800-1500 thousand
3	Zhuji	Listed Companies	Equipment manufacturing	EPB Chief Engineer	Familiar with EPB research and development, rich background in automobile industry	Electronic information	Master's degree or above	Top management of well-known enterprises	More than 10 years	1	500-2000 thousand

4				Wheel hub motor	Familiar with wheel motor research and development, have rich background in automobile industry	Equipment manufacturing	Master's degree or above	Top management of well-known enterprises	More than 10 years	1	
5				EHB Chief Engineer	Familiar with EHB research and development, have rich background in automobile industry	Electronic information	Master's degree or above	Top management of well-known enterprises	More than 10 years	1	
6				ECAs Chief Engineer	Familiar with ECAs research and development, have rich background in automobile industry	Electronic information	Master's degree or above	Top management of well-known enterprises	More than 10 years	1	
7	Xinchang	Listed	Biomed	PPA	Development of high temperature	Other	Master'	Assoc	More than 5	1	200-1500

				Application Service Engineer	nylon modified technology and formula to solve customer demand problems		s degree or above	iate professor or above	years		
8		Companies	icine	Chemical application Amplification Expert	Solve the amplification problem, optimize the process and achieve high efficiency production	Other	Master's degree or above	Associate professor or above	More than 5 years	1	thousand
9	Xinchang	Listed Companies	Biomedicine	Chief scientist	“Nation thousand or province thousand” first, pharmacy or pharmaceutical related major, with overseas work experience, more than 8 years of international well-known pharmaceutical companies or research and development institutions related work experience; More than 2 years’ experience in research and development of sustained release control agent or psychiatric related project; Independently undertook the research work, prescription research, preparation process research,	Biological medicine	Doctor	Top management of well-known enterprises	More than 5 years	2	More than 1 million and 200 thousand

					development and preparation of preparation; Be able to independently put forward a higher degree of innovation and greater economic value of the selected items and in the company project						
10	Shangyu District	Listed Companies	Chemical Industry	Senior Researcher, technical director	Proficient in dye synthesis, familiar with relevant international standards of environmental textiles	Chemical industry	Doctor form overseas	Senior researcher	More than 5 years	1	More than 1 million
11				Technical director or senior researcher	Professional treatment of high salt and high COD wastewater; familiar with current international treatment	Chemical industry	Doctor form overseas	Visiting scholar or senior researcher	More than 5 years	1	
12				Technical director or senior researcher	Polymer additive synthesis, rubber plastic direction	Polymer materials	Doctor form overseas	Visiting scholar or senior researcher	More than 5 years	1	

13				Technical director or senior researcher	Resin Synthesis direction	Polymer materials	Doctor form overseas	Visiting scholar or senior researcher	More than 5 years	1	
14	Zhuji	Listed Companies	Equipment manufacturing	Chief engineer of hydrogen fuel cell	More than 5 years working experience in hydrogen fuel development of new energy vehicle	Equipment manufacturing	Master's degree	Equivalent of associate professor	More than 3 years	2	600-1000 thousand
15				Chief Engineer of Motor controller	More than 5 years' experience in development and management of new Energy motor controller industry	Equipment manufacturing	Master's degree	Equivalent of associate professor	More than 3 years	2	600-1000 thousand
16				Senior Controller Engineer	More than 5 years ' experience in development of new Energy motor controller industry in famous enterprises	Equipment manufacturing	Master's degree	Equivalent of associate professor	More than 3 years	2	500-1000 thousand

								ssor			
17	Zhuji	Listed Companies	Environmental protection new material	Research and Development project director	In the field of environmental protection materials have a solid theoretical foundation. Be proficient in the industry related technology development and future trends, have a certain technical forward-looking.	Energy conservation and environmental protection	Doctor	Associate professor	More than 10 years	3	500-1000 thousand
18				Director of Management	Has overseas large-scale well-known multinational company (manufacturing) senior management experience; Be familiar with the modern enterprise advanced management mode; Has rich experience in the production, the supply chain, the quality as well as the module.	Unlimited	Master's degree	Top management of well-known enterprises	More than 10 years	3	
19				Automation Senior Engineer	Have rich experience in the field of automation, be able to independently complete the production line of the system, structure, project design, have a number of independent successful projects	Equipment manufacturing	Master's degree	Above associate professor	More than 10 years	3	300-800 thousand
20				R&D Engineer	5 years and above research background in polymer material modification and related field,	Polymer materials	Master's degree	Above associate	More than 3 years	1	

					preferably with adhesive and composite functional material development experience			ate professor			
21				R&D Engineer	5 years and above research background in polymer physics and related field, preferably with electret material development experience	Polymer materials	Doctor	Associate professor or above	More than 3 years	1	400-800 thousand
22	Keqiao District	Listed Company	Construction	Chief Engineer of Integrated architecture	Innovation and development of building industrialization and intelligent building	Planning Architecture	Doctor	Equivalent of associate professor	More than 10 years	1	200-1000 thousand
23				Director of research and development of integrated architecture product system	Building industrialization and development of intelligent building product system	Planning Architecture	Doctor	Equivalent of associate professor	More than 5 years	2	
24				Chief Engineer of Architecture	Building information or intelligent building system, intelligent home development	Electronic informat	Doctor	Equivalent of	More than 10 years	1-2	

				al informatio n technology		ion		associ ate profe ssor			
25				Welding Chief Engineer	Development of welding technology for steel structure or welding robot	Equipm ent manufac turing	Doctor	Equiv alent of associ ate profe ssor	More than 10 years	1	
26				Chief engineer of New Energy developme nt	Research and development of photovoltaic construction, thermal power generation, Smart grid or energy Internet	Energy conserv ation and environ mental protecti on	Doctor	Equiv alent of associ ate profe ssor	More than 10 years	1	
27				Director of biomedical Research and developme nt	Research and development of innovative drugs focusing on tumor targeting therapy, immune tumors and autoimmune diseases	Biologic al medicin e	Doctor	Equiv alent of associ ate profe ssor	More than 10 years	1	
28	Zhuji	Listed Company	Educati on	Researcher s	Master degree or above, 25-45 years old, with teaching related	Educatio n	Master' s	Above	More than 3 years	500	200-1000 thousand

					work experience, have teacher Qualification certificate, proficient in education and teaching, love students, effective communication, continuous learning.		degree or above	associate professor			
29				Teachers	Have teaching related work experience, hold the Teacher Qualification certificate (the outstanding person may enter the job, obtain within one year), be proficient in the education teaching, loves the teaching work, love the student, the effective communication, continues to study	Education	Master's degree or above	Above associate professor	More than 3 years	1200	100-1000 thousand
30	Xinchang	Listed Company	Biomedicine	Chief Pharmaceutical scientist	Pharmaceutical related major, drug preparation development, drug quality research, European and American Registration Law research direction, have rich enterprise working experience is preferred	Biological medicine	Master's degree	Above associate professor	More than 10 years	3	300-800 thousand
31	Xinchang	Listed Company	Equipment manufacturing	HEAT Exchanger Product Development Manager	Major in refrigeration, heat transfer; fluid, mechanical, etc. Familiar with TS16949 system, and all kinds of research and development tools, such as APQP,	Other	Master's degree or above	Above associate professor	More than 1 year	1	250-600 thousand

					FMEA, DOE, etc. Familiar with the automotive industry project management characteristics; Good communication skill, team work ability, plan and management ability.			ssor			
32				Electric Pump product development Manager	Major in refrigeration, heat transfer, fluid, mechanical, etc. Familiar with TS16949 system, and all kinds of research and development tools, such as APQP, FMEA, DOE, etc. Familiar with the automotive industry project management characteristics; Good communication skill, team work ability, plan and management ability.	Other	Master's degree or above	Above associate professor	More than 1 year	1	250-600 thousand
33				Electromagnetic valve products Development Manager	Major in refrigeration, heat transfer, fluid, mechanical, etc. Familiar with TS16949 system and all kinds of research and development tools, such as APQP, FMEA, DOE, etc. Familiar with the automotive industry project management characteristics; Good communication skill, team work ability, plan and management ability.	Other	Master's degree or above	Above associate professor	More than 1 year	1	250-600 thousand

34				Product Project Manager	refrigeration, mechanical, electronic engineering background is preferred, has the ability to speak and write in English	Other	Master's degree or above	Above associate professor	More than 1 year	1	200-500 thousand
35	Shangyu District	Listed Company	Equipment manufacturing	Research and Development Engineer	Ph. D., majored in fluid mechanics, transmission machinery, research and development experience in wind turbines, proficient in the use of various mechanical drawing software and fan performance analysis software	Equipment manufacturing	Unlimited	Associate professor	Unlimited	6	More than 500 thousand
36	Shangyu District	Listed Company	High-end equipment manufacturing	Mechanical Engineer	Proficient in the use of three-dimensional design software, such as Solid Works. Familiar with AutoCAD or related engineering drawing design software; Strong communication and coordination ability, technical guidance to production and assembly workshop; Have good scientific research ability, carry out product prototype production, debugging and improvement, assist production and process to complete product	Machine design	Doctor form overseas	Unlimited	More than 1 year	2	More than 500 thousand

					process development optimization						
37				Electrical Engineer	Major in electromechanical or automation related field, C-language micro-motor principle, Digital electronic analog electronic related projects or courses; Skilled in drawing electric schematic diagram PLC or servo motor is preferred; cooperate with mechanical, electrical and software engineers to complete the product design, equipment on-site commissioning and technical support; Responsible for the electrical control system hardware design, Control software design and HMI man-machine contact surface design	Electrical appliances and automation	Doctor form overseas	Unlimited	More than 1 year	2	
38				Software engineer	Assists the machinery, electrical engineer to be responsible for the corresponding software control system the design work; Participate in product prototype fabrication, commissioning, testing and improvement; Other work assigned by Product	Computer or software related	Doctor form overseas	Unlimited	1 year	1	

					Minister and project leader, preferably with related mechanical equipment software design work experience; Familiar with C# language, DotNet platform, familiar database						
39	Yuecheng District	Listed Company	Furniture Industry	Principal Advisor to market capitalisation	Director level	Finance	Doctor	Equivalent of associate professor	More than 1 year	1	300-500 thousand
40	Zhuji	Listed Company	Energy Saving and environmental protection	Research and Development Engineer	Development and technical research of new environmental protection equipment	Mechatronics, manufacturing industry	Master's degree or above	Top management of well-known enterprises	More than 3 years	2	200-500 thousand
41	Shangyu District	Listed Company	High-end equipment manufacturing	Hardware Engineer	3 years or above inverter, inverter power supply or UPS circuit design experience; Familiar with power products, DSP, arm embedded circuit design; Proficient in AD, pads schematics	Motor / drive control	Doctor form overseas	Unlimited	1 year	1	More than 400 thousand

					and circuit board design; Be able to complete hardware design and debug, technical document preparation independently, with EMI/EMC and electronic components reliability experience						
42				Software engineer	3 years or above inverter, or servo software design experience; Proficient in C language program design, skilled in the use of the MCU and DSP chip programming experience; Can complete the software module independently the design and the debugging; Can complete the development technology documents compilation independently; Ability to read English materials fluently	Motor / drive control	Doctor form overseas	Unlimited	1 year	1	
43	Xinchang	Listed Company	Machinery Manufacturing	Leader of new Field development	The application of glass fiber and other composite materials has some research and understanding.	Compound material	Master's degree or above	Above associate professor	More than 3 years	2	400 thousand
44	Yuecheng District	Listed Company	Light industry manufac	Study on holographic coating	Familiar with the properties and applicability of various polymeric materials	Electronic informat	Master's degree	Equivalent of	Unlimited	1	More than 300 thousand

						ion	or doctor	associ ate profe ssor			
45			ture /packin g and printing	Research on holographi c plate making	Familiar with holographic imaging, encryption and Seihan principle	Electron ic informat ion	Master' s degree or doctor	Equiv alent of associ ate profe ssor	Unlimited	1	
46	Keqiao District	Listed Company	Constru ction	PhD researcher	Proficient in the construction of concrete (PC) structure, light steel keel structure, such as industrial assembly-type building system principle, application and research and development. Research and development level and results for peer recognition, to reach the international and domestic leading level	Industri alization of construc tion industry	Doctor	Engin eer	3 years	2	More than 200 thousand
47				PhD researcher	Proficient in the principle and structure of assembly-type building assembly line production equipment. Obtains certain research results in the technique of manufacture. Research and development level and results get	Mechani cal manufac turing	Doctor	Engin eer	3 years	1	

					the peer recognition, reach the international and domestic leading level						
48	Zhuji	Listed Company	Machinery manufacturing	Product development	Has a rich experience of sliding bearing product structure design and development, Good communication and coordination skills, language skills and teamwork spirit.	Research field of sliding bearing	Bachelor degree or above	Mid-level titles or above, director	More than 8 years	1	200-300 thousand
49	Shangyu District	Listed Company	High-end equipment manufacturing	Senior engineer	Experience in mechanical industry equipment design, experience in fan design is preferred; Proficient in CATIA, CAD and other basic drawing software; 8 years working experience in mechanical related product design	Mechanical manufacturing design of HVAC	Doctor	Engineer	Unlimited	2	120-240 thousand
50	Yuecheng District	High-tech leading enterprises	Electronic information	Director of research and Development	36-50 years old, majored in microelectronics, circuits and systems. At least 3 years experience in design or application management of power supply or motor drive chip. Adapter, ACDC power supply, motor drive chip, DCDC Power management design experience is	Electronic information	Master's degree	Middle level of well-known enterprises	More than 3 years	1	More than 1 million

					preferred						
51	Keqiao District	High-tech leading enterprises	New material	Senior Soft Pack Designer	Flexible design level is high, there are a large number of high-end soft loading cases; Familiar with Paris or Milan home exhibition; Set up small window soft installation design team	Soft wear	Bachelor degree or above	Unlimited	2 years	2	500-1000 thousand
52				Wallpaper Design Director	A large number of high-end wallpaper, design experience, lead the team to lead the domestic market products	Pattern design	Bachelor degree or above	Unlimited	1 years	1	500-800 thousand
53	Yuecheng District	High-tech leading enterprises	Energy Saving and environmental protection	Expert in wet oxidation	Familiar with Cwao design work, familiar with or understand CWAO equipment design and manufacture, have Cwao device installation, commissioning experience, can go to Project site to guide installation, commissioning, mature Cwao technology high concentration Wastewater Treatment Project case Experience	Energy conservation and environmental protection	Unlimited	Unlimited	Unlimited	1	300-1000 thousand
54	Yuecheng District	High-tech leading enterprises	Medical equipment	Algorithmic engineer	Rich CT image chain correction algorithm Research, CT reconstruction algorithm design experience	Medical equipment	Doctor	Middle level of well-	More than 10 years	3	More than 500 thousand

								know n enter prises			
55				Electronic engineer	Has the rich medical system phantom product simulation and the mix electronics design and the managerial experience	Medical equipme nt	Master' s degree or above	Middl e level of well- know n enter prises	More than 10 years	3	More than 400 thousand
56	Shengzho u	High-tech leading enterprises	Machine ry manufac turing	Director of Intelligent Manufactur ing production	Experience in a well-known company in a related position	Kitchen applianc es	Master' s degree or above	Execu tive	More than 5 years	1	500 thousand
57				Design Director	Related products have won national and above awards, and has a number of appearance patents	Kitchen applianc es	Master' s degree or above	Direct or	More than 3 years	2	300 thousand
58	Keqiao District	High-tech leading enterprises	Equipm ent manufac turing	Director of research and Developme nt	For the 3D housing printing has in-depth research, Achievements in the field of industrial engineering material manufacturing	Equipm ent manufac turing	Doctor	Top mana geme nt of well-	More than 5 years	1	300-500 thousand

								known enterprises			
59	Keqiao District	High-tech leading enterprises	New material	Technical Director	Be responsible for the technical research and development of new bio-materials for the team leader	Biological medicine	Doctor	Equivalent of associate professor	More than 3 years	1	200-500 thousand
60	Keqiao District	High-tech leading enterprises	New material	Chief scientist	Has many years of research experience in aerospace and composite materials field, and has related scientific research result.	Aeronautics and composite material engineering technology	Doctor	Professor	2 years	2	More than 500 thousand
61				Scientific researcher	Years of research experience in aerospace and composite materials	Aeronautics and composite material engineering technology	Master's degree or above	Associate professor	3 years	3	More than 300 thousand

						gy					
62	Keqiao District	High-tech leading enterprises	Equipment manufacturing	Technical director	Rich working experience in agricultural machinery field	Equipment manufacturing	Doctor	Top management of well-known enterprises	More than 5 years	1	More than 300 thousand
63	Keqiao District	High-tech leading enterprises	New material	Director of new material development	Have certain attainments and industry experience in new material research field	Macromolecule graphene	Above doctor	Above associate professor	Unlimited	1	More than 300 thousand
64	Shengzhou	High-tech leading enterprises	Machinery manufacturing	Research and Development Engineer	Deep study on the air suction of the lampblack machine or the integrated stove	Kitchen appliances	Doctor	Middle level of well-known enterprises	More than 1 year	1	300 thousand
65				Research and Development	Further research on the combustion efficiency of cooker or integrated stove	Kitchen appliances	Doctor	Middle level	More than 1 year	1	

				nt Engineer				of well-known enterprises			
66	Keqiao District	High-tech leading enterprises	Electronic information	VP of Operations	More than 5 years operation of Electric Business Park	Electronic information	Master's degree	Middle level of well-known enterprises	More than 3 years	2	100-300 thousand
67	Keqiao District	High-tech leading enterprises	Electronic information	VP of Operations	More than 10 years operation management of overseas electric business trading platform	Electronic information	Master's degree	Top management of well-known enterprises	More than 5 years	2	100-300 thousand
68	Keqiao District	High-tech leading enterprises	Textile and Apparel	Cultural creativity	Have a keen international fashion insight, can walk in the world of various fashion conferences, willing to endure hardship	Clothing design	Doctor	Top management of	More than 5 years	1	More than 200 thousand

								well-known enterprises			
69	Keqiao District			Park Planning and investment	Have a wealth of Creative park planning, investment experience	Planning Architecture	Doctor	Top management of well-known enterprises	More than 5 years	1	
70	Keqiao District	High-tech leading enterprises	Biomedicine	Medical and Health Technology director	Relevant practitioners in the field of health care have a certain professional advantage in this field	Medical health	Master's degree or above	Above associate professor	Unlimited	1	More than 200 thousand
71	Keqiao District	High-tech leading enterprises	Biomedicine	New drug research and development	Protease inhibitors, antitumor drugs field	Biological medicine	Master's degree or above	Unlimited	3 years	2	More than 200 thousand
72	Keqiao District			High-end preparation and	Slow-release microspheres, transdermal technology, wearable, implantable chip	Biological medicine	Master's degree	Unlimited	3 years	2	

				development	products	e	or above				
73	Xinchang	Key industrial enterprises	Equipment manufacturing	Integrated Stove Chief Engineer	In the field of kitchen electricity or intelligent electrical appliances have outstanding contributions or achievements; does not work full-time in the country, or has worked in the country but not more than 1 years; Familiar with the development trend of global integration stoves, deep research; Familiar with the national and industry standards of the integrated stove products; Master the working principle, product performance, technical standard and test method of the integrated stove.	Equipment manufacturing	Doctor	Above associate professor	Unlimited	1	800-1000 thousand
74			Equipment manufacturing	Chief Engineer of Dishwasher	In the field of kitchen electricity or intelligent electrical appliances have outstanding contributions or achievements; does not work full-time in the country, or has worked in the country but not more than 1 years; Familiar with the development trend of global integration stoves, deep research; Familiar with the national and	Equipment manufacturing	Doctor	Above associate professor	Unlimited	1	

					industry standards of the integrated stove products; Master the working principle, product performance, technical standard and test method of the integrated stove.						
75	Xinchang	Key industrial enterprises	Equipment manufacturing	Chief engineer	Overseas working experience	Equipment manufacturing	Doctor	Above associate professor	More than 5 years	1	500-1000 thousand
76	Keqiao District	Key industrial enterprises	Construction	Technical Director	Familiar with door and window industry dynamics, policies and regulations, development and application of new doors, windows and services, product development	High-end equipment manufacturing	Doctor	Equivalent of associate professor	More than 3 years	1	200-1000 thousand
77	Keqiao District	Key industrial enterprises	Construction	Technical Director	Master or above, equivalent to corporate executives	Planning building	Master's degree or above	Top management of well-known enterprises	More than 3 years	1	200-1000 thousand

78	Xinchang	Key industrial enterprises	Equipment manufacturing	Deputy general manager of Automotive Electronics Research and development	Familiar with the embedded software project design and development of commercial vehicle electronic control products; Engaged in commercial vehicle ABS, EBS and other electronic control product development projects; Familiar with the automotive braking logic control process; Proficient in commercial vehicles K and CAN line diagnostic protocol; Has long-term work experience from the German Knorr, Waboc, Haldex, TRW and other world-class auto parts manufacturing related enterprise; Previous position in the company or related auto parts Manufacturing Company is preferred	Equipment manufacturing	Doctor	Above associate professor	More than 10 years	1	More than 1 million
79	Binhai New Town	Science and Technology Enterprises	Biomedicine	Quality Director	Responsible for all quality related affairs of the company; Establish and maintain a sound quality system and continue to improve to ensure compliance with FDA GMP and other applicable regulatory requirements; Coordinate and oversee the work	Biological medicine	Master's degree or above	Top management of well-known enter	More than 3 years	1	600-900 thousand

					of all quality departments and other direct subordinates.			prises			
80	Keqiao District	Key industrial enterprises	Chemical Industry	Technical Director	Related techniques for chemical synthesis and plant extraction	Biological medicine, chemical industry	Doctor	Associate professor	More than 3 years	1	200-800 thousand
81	Shangyu District	Key industrial enterprises	Light textile	Spinning director	With professional knowledge of spinning; Proficient in textile plant scheduling, equipment and on-site management knowledge; Knowledge of plant cost management and human resource management.	Textile printing and dyeing	Doctor	Engineer	1 year	2	More than 700 thousand
82					Familiar with loose fiber dyeing or package dyeing process, proficient in the knowledge of dyes and auxiliaries; Advanced production management knowledge in dyeing and finishing industry	Textile printing and dyeing	Doctor	Engineer	1 year	2	
83					Knitting fabric research and development manager	Familiar with textile raw material performance; Understand the different spinning methods of product performance advantages and disadvantages and application. Master weaving,	Textile printing and dyeing	Doctor	Engineer	1 year	

					dyeing and finishing process and process control points; Self-designed knitted products.						
84				Woven fabric research and development manager	Familiar with textile raw material performance; Understand the performance advantages and disadvantages of different spinning methods and its application; Master weaving, dyeing and finishing process and process control points; can design woven products independently	Textile printing and dyeing	Doctor	Engineer	1 year	1	
85				Dyeing and finishing Manager	Familiar with dyeing and dyeing technology in textile industry, functional modification and finishing technology of fiber, yarn and fabric	Textile printing and dyeing	Doctor	Engineer	1 year	1	
86				Central Inspection Center Manager	Familiar with the standard of textile quality and method, familiar with 17025 laboratory accreditation system; Experience in lab management of large companies with third party inspection lines or textile yarns and fabrics	Textile printing and dyeing	Doctor	Engineer	1 year	1	
87				Equipment Chief Engineer	Familiar with the new equipment of spinning and yarn dyeing industry; Proficient in spinning,	Textile printing and	Doctor	Senior Engineer	1 year	1	

					yarn dyeing equipment management; Familiar with the equipment performance and process, quality related; Understanding of color matching, cotton blending, Process Control	dyeing		eer			
88	Xinchang	Key industrial enterprises	Biomedicine	Research and Development Consultant	Engaged in the pharmaceutical industry related fields	Biological medicine	Doctor	Associate professor	More than 3 years	1	600 thousand
89	Paojiang Development Zone	Science and Technology Enterprises	Domestic electric appliances	Man-Machine engineering expert	Familiar with the global people wit Development technology, have well-known overseas companies related development experience; At least 3 or more patents and inventions related to human-machine engineering; English proficiency	Equipment manufacturing, electronic information	Above doctor	Above associate professor	More than 10 years	1	More than 600 thousand
90				Plastic Surface Treatment Technology expert	luent in English; Familiar with the global plastic surface treatment molding process technology, has large-scale overseas companies related development experience; At least 5 plastic surface treatment technology related patents and inventions	Equipment manufacturing, Energy saving of electronic	Above master's degree	Above associate professor	More than 10 years	1	More than 500 thousand

						informat ion					
91	Shengzho u	Key industrial enterprises	Machine ry manufac turing	Vice president of Production	Master degree or above in business management or related, more than 10 years experience in production management, with outstanding leadership and management concepts	Equipm ent manufac turing	Master' s degree	Top mana geme nt of well- know n enter prises	More than 5 years	1	400-600 thousand
92				Quality Director	Master degree or above in engineering, familiar with quality management system, familiar with research and development, production and sales, more than 10 years QC experience.	Equipm ent manufac turing	Master' s degree	Top mana geme nt of well- know n enter prises	More than 5 years	1	
93	Shangyu District	Key industrial enterprises	New material	Polymer Experts	Engaged in new technology and new product development of fluorine-containing materials such as PVDF and PVF	Polymer material s	Doctor	Senio r profe ssion al title	More than 10 years	1	300—600 thousand
94				Thin film expert	Fluorine film development or production technology	Rheolog y of	Above master'	Middl e、	More than 5 years	1	

					experience, have fluorine material extrusion and film experience, familiar with wet, double pull thin film process is preferred	extruded material	s degree	senior title			
95	Paojiang Development Zone	Science and Technology Enterprises	Electronic information	Senior research and development manager	Knowledge of high speed optical module design, encapsulation, etc	Optical communication	Above master's degree	Above associate professor	More than 3 years	3	300-600 thousand
96	Shengzhou	Key industrial enterprises	Apparel Textile	Fabric Research and Development director	New textile fabrics Research and development, textile industry experts	Textile printing and dyeing	Doctor	Senior engineering	Unlimited	1	500 thousand
97				Fabric post-processing technical specialist	Fabric post-processing research major, master a certain post processing technology	Textile printing and dyeing	Doctor	Engineer	Unlimited	1	
98	Shengzhou	Key industrial enterprises	Agricultural	Ranch Technical Advisor	The level of technology in dairy cattle breeding and somatic cell control has reached international standard.	Agriculture, forestry, herding and fishing	Doctor	Above associate professor	More than 1 year	2	500 thousand
99	Shangyu District	Key industrial	High-end	Senior engineer	Familiar with pro/e, CAD, three-dimensional software design;	Electronic	Doctor form	Senior	2 years	1	More than 500 thousand

		enterprises	Equipment manufacturing		Experience in intelligent control software design and fluid mechanical design; Dig data statistics and analysis experience; Working experience in electromechanical industry	information	overseas	Engineer			
100	Shangyu District	Key industrial enterprises	High-end equipment manufacturing	Financial Analyst	EngageD in government agencies, enterprise-related leaders and practitioners engaged in the examination and approval of investment projects and in attracting investments, project evaluation and investment decisions; Ever Worked in a bank or Non-bank financial institution, investment management company, Investment management consultancy company in venture capital, industrial investment, credit and investment management; Accounting firms, asset assessment firms and tax division firms, lawyers and related professionals.	Finance	Doctor form overseas	Senior	1 year	1	More than 500 thousand
101				Electromechanical engineer	Electromagnetic simulation design of linear motor or rotary motor, Determine the motor	Electromechanical	Doctor form overseas	Senior	1 year	2	

					magnet grade and arrangement, size; Winding turn number and distribution, resistance inductance; Force constants; Participate in the design of new motor project and prototype review and check; Provide technical support in time to meet the needs of motor product line.		s				
102				Equipment Engineer	More than 5 years in the professional working life; Responsible for the organization of equipment maintenance, so that the whole plant in good condition to improve the whole plant units online time, energy and yield; Responsible for installation of pressure vessel equipment filing and annual audit.	Equipment manufacturing	Doctor form overseas	Senior	1 year	2	
103	Shangyu District	Key industrial enterprises	New material	New material leader	Optimize the polymerization of polyphenylene sulfide and post treatment process, product quality and appearance to achieve the standard products; Optimization of high temperature nylon polymerization process, development of different	Material	Doctor	Unlimited	More than 5 years	1	More than 500 thousand

					specifications of high temperature nylon products						
104	Shangyu District	Key industrial enterprises	Biomedicine	VP of Research and Development	With a good international vision and strategic vision, to be able to gain insight into the latest developments in the field, planning technology research and development strategic direction; Rich research and development team management experience and team work spirit, new product selection research, project operation and management experience; Rich in organic synthesis theory and practical experience; To conduct technical research in accordance with the international and domestic registration requirements of pharmaceuticals;	Biological medicine	Doctor	Associate professor	More than 3 years	1	More than 500 thousand
105				General manager	Strong strategic planning ability and analytical decision-making ability; Have a strong self-learning ability and self-discipline awareness, pay attention to the promotion of management concepts and talent echelon construction; Have the ability to	Biological medicine	Doctor	Equivalent of top management of well-know	More than 5 years	1	

					manage the raw material pharmaceutical factory comprehensively; Familiar with the safety, environmental protection, GMP regulation knowledge and project construction knowledge related to API production; have received the System Professional enterprise management training			n enterprises			
Keqiao District	Keqiao District	Key industrial enterprises	Construction	Brand Director	Marketing, PR news and other related majors; More than 5 years experience in market communication, media, brand management, 3 years experience in team management; Excellent communication and coordination skills, familiar with building materials industry is preferred	Other	Master's degree or above	Middle level of well-known enterprises	Unlimited	1	100-500 thousand
107				Product Development Engineer	Major in polymer chemical material or metal material, working in related product development or building materials industry for more than 3 years	Material science	Master's degree or above	Unlimited	Unlimited	1	
108	Keqiao District	Key industrial enterprises	New material	Automation Control Engineer	Familiar with the production process of non-woven production line, solve equipment electrical	Electronic informat	Master's degree	Middle level	5 years	1	200-500 thousand

					failure, optimize automation control	ion	or above	of enterprises			
109	Yuecheng District	Key industrial enterprises	Building materials	Marketing Director	Responsible for the marketing of new building materials	Construction material	Bachelor degree or above	Middle level of enterprises	Unlimited	1	200-400 thousand
110				Mechanical Design	Be responsible for the design of construction machinery	Equipment manufacturing	Bachelor degree or above	Middle level of enterprises	Unlimited	2	
111	Keqiao District	Key industrial enterprises	New material	Green Brass Alloy Casting expert	Technical Experts	Material processing	Doctor	Equivalent of associate professor	10 years	1	200-500 thousand
112	Keqiao District	Key industrial enterprises	New material	Professor	Equipment Manufacturing Professional	Equipment manufacturing	Doctor	Equivalent of associate professor	10 years	1	More than 300 thousand

								ssor			
113	Keqiao District	Key industrial enterprises	Textile Printing and dyeing	Director of Technology Center	Multi-functional fabric development	Other	Master's degree	Senior Engineer	Unlimited	1	More than 300 thousand
114	Keqiao District	Key industrial enterprises	Construction	Department of Strategic Development	Strategic planning of enterprise development	Business management	Doctor	Equivalent of associate professor	2 years	2	More than 300 thousand
115	Shenzhou	Key industrial enterprises	Biomedicine	Post-BO scientific researcher	In the industrial, mechanized sericulture, microbial research and analysis on any one side of the expertise, can independently design a test program to complete a variety of tests	Biological medicine	Doctor	Above associate professor	More than 1 year	2	300 thousand
116	Keqiao District	Key industrial enterprises	New material	Overseas sales Talent	Have more mature industry resources, more skilled sales communication skills	Film raw materials and packaging materials	Above master's degree	Middle level of well-known enterprises	More than 5 years	a certain number	200-500 thousand
117	Xinchang	Key	Equipm	Research	Overseas working experience	Equipm	Master'	Abov	More than 3	1	300-500

		industrial enterprises	ent manufacturing	and Development Engineer		ent manufacturing	s degree	e associate professor	years		thousand
118	Yuecheng District	Enterprises founded by returnees from Overseas	Biomedical	Technical Director	Graduated from overseas universities, biomedical direction	Biological medicine	Doctor	Researcher	More than 5 years	1	500 thousand
119	Paojiang Development Zone	Science and Technology Enterprises	Medical equipment	Advanced Research and Development engineer of Alkali lime	More than 5 years experience in the research and development of alkali lime (calcium lime, sodium lime), Special research and successful project experience on carbon dioxide absorbent; Experience with overseas peers is preferred	Inorganic chemistry	Above doctor	More than associate professor	More than 3 years	1	More than 400 thousand
120				Director of research and Development	At least 10 years of medical device development background, more than 5 years experience in research and development team management; experience in anesthesia or medical equipment	High polymer、Electronic information、Biological medicine	Above master's degree	Above associate professor	More than 3 years	1	150-200 thousand

						e					
121	Binhai New Town	Chinese-foreign joint venture	Animal vaccines	Project Manager	Mammalian cell culture; Stable transfer of cell lines established, fermentation experience; Experience in the expression of insect cell protein	Cell fermentation engineering	Doctor	Unlimited	More than 3-5 years	1	150-350 thousand
122					Experience of prokaryotic and eukaryotic protein expression and purification; proficient in AKTA, protein chromatography, ultrafiltration and other techniques	Protein chemistry	Doctor	Unlimited	More than 3-5 years	1	
123	Binhai New Town	Science and Technology Enterprises	Medical equipment	Research and development Manager	Develop new product development plan, complete team annual research and development task; Responsible for design, fabrication and development of microfluidic chip products	Biological medicine	Master's degree or above	Middle level of well-known enterprises	More than 1 year	1	More than 300 thousand
124	Shangyu District	University	Higher education	Career development of full-time teachers	Major in human resource management, business Administration, architecture, communications engineering, electronic information Engineering, English, mathematics, apparel and apparel	Electronic information finance、Planning	Doctor	Deputy high level	Unlimited	8	300 thousand

					design	building					
125				Contract-Full-time teachers	Costume design and engineering, textile engineering, human resource management, international economics and trade, business Administration, marketing, E-commerce, electronic information science and technology, electronic information engineering, automation, engineering management, architecture, civil engineering, visual communication, product design, environmental art design, public utilities management, law, physics, mathematics	Electronic information finance、Planning building、Cultural creativity	Master's degree	Deputy high level	Unlimited	34	
126	Shengzhou	Key Industrial Enterprises	Machinery manufacturing	Technical Director	Relevant working experience in kitchenware industry, overseas experience, unique vision, technical innovation.	Kitchen appliances	Doctor	Above associate professor	More than 3 years	1	300 thousand
127	Yuecheng District	Enterprises founded by returnees	Energy Saving and environmental	Technical Director	Graduates from overseas universities, biomass chemical industry direction	Biomass chemical industry	Doctor	Researcher	More than 5 years	1	300 thousand

128		from Overseas	protection	Research Fellow of solid Waste resource project	Overseas famous graduates, environmental engineering direction	Environment engineering	Doctor	Researcher	More than 5 years	1	
129	Keqiao District	Key Industrial Enterprises	Wine industry	Head of energy Conservation and Environmental Protection Division	Energy conservation and environmental protection related majors	Energy conservation and environment protection	Above master's degree	Above associate professor	More than 3 years	2	200-300 thousand
130	Shangyu District	Key Industrial Enterprises	Chemical Industry	Senior Research and Development engineer	Research level of the Frontier, published a number of high-level papers, to achieve important results	chemical industry、light industry	Doctor	Associate professor	More than 3 years	1	200 thousand
131	Shangyu District	Key Industrial Enterprises	Cosmetic packaging	Injection Manager	Has the international first-class injection molding technology experience and the instruction ability	Cosmetics	Above master's degree	Director of injection molding	More than 3 years	1	More than 300 thousand
132				Director of oxidation	With world-class experience in anodizing technology and guiding ability	Cosmetics	Above master's degree	Director of oxidation	More than 3 years	1	More than 300 thousand

133	Shangyu District	Key Industrial Enterprises	Equipment manufacturing	Technical Director	Familiar with the fan industry, with strong wind turbine design and research and development capabilities	Equipment manufacturing	Doctor	Top management of well-known enterprises	More than 3 years	2	More than 300 thousand
134				Sales Manager	Familiar with internet operation mode, have ability to develop market	Electronic information	Doctor	Middle level of well-known enterprises	More than 3 years	2	More than 300 thousand
135	Shangyu District	Key Industrial Enterprises	Equipment manufacturing	Product Engineer	Has a wealth of work experience in the field of agricultural machinery development (especially transplanter)	Equipment manufacturing	Doctor	Professor	More than 1 year	1	More than 300 thousand
136	Shangyu District	Key Industrial Enterprises	New material	Research and development Manager	More than 3 years of chemical research and development manager	Chemical materials	Doctor	Engineer	More than 2 years	3	More than 300 thousand
137	Shangyu District	Key Enterprises	Cultural Entertainment	Assistant to the	Assist the Chairman to deal with overseas business engagement	Finance	Doctor	Unlimited	More than 2 years	1	More than 300 thousand

		es	nment	Chairman	negotiations; Responsible for and assist to do Office service, internal communication and coordination work; Coordinate external public relations, complete the business reception work; At least 3 years experience in financial or legal related work; Strong writing skills, able to use English skillfully						
138				Vice director of Finance	CPA qualification is preferred; Fluent in English, able to read and write English earnings, have overseas study experience or work experience is preferred; More than 8 years of financial experience, nearly 3 years as finance director or Vice president of the position, has listed companies work management experience; Familiar with accounting, audit, tax, law, financial management and other related laws and regulations and enterprise financial system and procedures; Excellent financial analysis, finance and capital management skills, proficient in	Finance	Doctor	Chartered public accountant	More than 2 years	1	

					internal financial accounting and control system; Able to accept company dispatch for business trip in Europe						
139				Investment Manager	Five years or above working experience in game industry, preferably with game business, operation, product Manager or gaming company experience; Familiar with office operation, have strong writing ability and logical analysis ability on investment analysis report; With financial analysis and industry evaluation ability, familiar with relevant financial policies and laws and regulations; Able to travel nationwide	Other	Doctor	Unlimited	More than 2 years	3	
140	Shangyu District	Key Industrial Enterprises	New material	Key Equipment Management Positions	Chemical, equipment, equipment and other professional background, more than 10 years of production equipment related work experience, with emphasis on the import of chemical equipment work experience; Good English reading ability, can understand the import equipment information and use	Chemical industry	Doctor	Unlimited	More than 10 years	1	More than 300 thousand

					instructions						
141	Shangyu District	Key Industrial Enterprises	Biomedicine	Advanced Technician for process development	At least 5 years working experience in drug research and development, good English communication skills, team spirit	Biological medicine	Doctor	Unlimited	More than 5 years	2	More than 200 thousand
142				Senior technician in quality research	At least 5 years related working experience in pharmaceutical analysis, good communication skills in English, team spirit	Biological medicine	Doctor	Unlimited	More than 5 years	2	
143				Quality research and technical manager	At least 10 years working experience in quality research, team management experience for more than 10 members	Biological medicine	Doctor	Top management of well-known enterprises	More than 10 years	1	
144	Keqiao District	Key Industrial Enterprises	Textile Printing and dyeing	Research and Development Consultant	Energy conservation and environmental protection major	Energy conservation and environment protection	Master's degree	Equivalent of associate professor	More than 3 years	1	More than 200 thousand
145	Keqiao	Key	New	Professor	Equipment Manufacturing	Equipm	Above	Equip	10 years	1	More than 200

	District	Industrial Enterprises	material		Professional	ent manufacturing	master's degree	alent of associate professor			thousand
146	Shangyu District	Key Industrial Enterprises	Equipment manufacturing	Technical Engineer	Proficient in the whole process of filament wound cylinder, specialize in filament winding technology, heat treatment process and inner liner manufacturing process.	Equipment manufacturing	Master's degree or above	Top management of well-known enterprises	Unlimited	1	More than 200 thousand
147	Shangyu District	Key Industrial Enterprises	Chemical Industry	Senior Research and Development engineer	Product development, with innovative ability, with more senior emulsion product development and marketing, product sales capacity; With more than 5 years of water-based acrylic emulsion, water-based industrial paint, waterborne polyurethane emulsion, water-based plastic film and related additives and other products of the actual independent research and development experience,	Polymer organic syntheses	Doctor	Top management of well-known enterprises	Unlimited	2	More than 200 thousand

					Familiar with the structure, performance and usage of emulsion products.						
148	Shengzho u	Key Industrial Enterpris es	Electron ic informa tion	Mechanical Engineer	Equipment strong electricity, weak electricity, components maintenance, touch screen application	Electron ic informat ion	Master' s degree or above	Abov e associ ate profe ssor	More than 1 year	1	200 thousand
149				Electrical Engineer	Equipment electrical Wiring, PLC program simple Modification	Electron ic informat ion	Master' s degree or above	Assoc iate profe ssor	More than 1 year	1	
150	Shengzho u	Key Industrial Enterpris es	Machine ry manufac turing	Technology Managem ent	Experience in technical management. Sumitomo, Nippon Steel and other foreign business background is preferred	Equipm ent manufac turing	Master' s degree or above	Middl e level of well- know n enter prises	More than 1 year	1	200 thousand
151				Quality Managem ent	Quality management experience, Sumitomo, Nippon Steel and other foreign business background is preferred	Equipm ent manufac turing	Master' s degree or above	Middl e level of well-	More than 1 year	1	

								know n enter prises			
152				Manufacturing Management	Manufacturing management experience, Sumitomo, Nippon Steel and other foreign business background is preferred	Equipment manufacturing	Master's degree or above	Middle level of well-known enterprises	More than 1 year	1	
153				Logistics Supervisor	Logistics	Logistics	Doctor	Unlimited	Unlimited	1	100 thousand
154	Shengzhou	Key Industrial Enterprises	Agricultural	Environment Commissioner	Environmental Engineering	Energy conservation and environment protection	Doctor	Unlimited	Unlimited	1	150 thousand
155	Yuecheng District	Enterprises founded by returnees	Electronic information	Hardware Engineer	Familiar with optical device design, laser interference technology, design and manufacture of micro-cantilever beam for atomic force	Equipment manufacturing	Master's degree or above	Equivalent of professor	Unlimited	1	100-200 thousand

					microscope.						
156		from Overseas		Software engineer	familiar with C + +, Pathon language	Equipment manufacturing	Master's degree or above	Top management of well-known enterprises	Unlimited	1	
157	Binhai New Town	Science and Technology Enterprises	Medical equipment	Vice President of Management	More than 3 years experience in management and operation of medical device enterprises, have successful experience in medical device products and industrialization, excellent organization and coordination ability and planning ability.	Biological medicine	Bachelor degree or above	Middle level of well-known enterprises	More than 1 year	1	150-250 thousand
158				Director of research and Development	Experience in biomaterials related projects, can write project report and project application report independently; Strong experimental ability, in synthesis, purification, molding and other aspects can be independently completed work; can read English and understood it.	Biological medicine	Master's degree or above	Unlimited	More than 1 year	1	

159	Paojiang Development Zone	Science and Technology Enterprises	New Energy	chief engineer	Equivalent to the top of well-known enterprises	Equipment manufacturing	Bachelor degree or above	Senior Engineer	More than 10 years	1	150-200 thousand
160	Paojiang Development Zone	Science and Technology Enterprises	New Energy	Sales Director	Equivalent to the top of well-known enterprises	Equipment manufacturing	Bachelor degree or above	Intermediate engineer	More than 5 years	1	150-200 thousand
161	Paojiang Development Zone	Science and Technology Enterprises	Manufacturing	Manufacturing Engineer	More than 5 years working experience in mechanical industry, with key production and management project experience	Equipment manufacturing	Bachelor degree or above	Middle level of well-known enterprises	Unlimited	1	150-200 thousand
162				Research and Development Engineer	At least 5 years working experience in mechanical industry with key research and development projects	Equipment manufacturing	Bachelor degree or above	Middle level of well-known	Unlimited	1	

								enterprises			
163	Paojiang Development Zone	Science and Technology Enterprises	Environmental protection	Senior engineer	At least 5 years working experience in industry, with key research and development projects	Energy conservation and environment protection	Master's degree	Middle level of well-known enterprises	More than 5 years	1	150-200 thousand
164					At least 5 years working experience in industry, with key research and development projects	Energy conservation and environment protection	Doctor	Middle level of well-known enterprises	More than 5 years	1	
165	Paojiang Development Zone	Science and Technology Enterprises	Manufacturing	French translation	Proficient in French	Language class	Above master's degree	Engineer	More than 1 year	3	100-150 thousand
166				Automobile service	Automobile service	Skill class	Above master's degree	Engineer	More than 1 year	5	120-150 thousand

167	Paojiang Development Zone	Science and Technology Enterprises	Manufacturing	Project Manager	At least 3 years working experience in field management of steel structure projects abroad. Familiar with local laws and regulations, have certain overseas labor resources	Planning building	Above Bachelor degree	Senior Engineer	More than 3 years	2	100-150 thousand
168	Paojiang Development Zone	Science and Technology Enterprises	Biomedicine	The second generation sequencing technology engineer	Molecular biology, genetics and so on related specialty; More than one year of experience in second-generation sequencing and database building; Rich experience in molecular biology experiments, such as nucleic acid extraction, PCR amplification, Chip/RIP/Clip experiment experience is preferred	Biological medicine	Above Master's degree	Unlimited	Unlimited	1	More than 100 thousand

Summary of the 2018-year domestic and overseas science and technology projects of Shaoxing listed companies and key enterprises

No.	Settled Place	Type of Company	Industry field	Project name	Requirement	professional field	Mode of cooperation	Annual salary
169	Xinchang	Listed Companies	Equipment	Casting technology and die technology of light alloy	Well-known foreign experts which have achievements in this field	Light alloy forming	technological guidance	800-1500 thousand
170			Manufacture	Simulation and simulation Technology of casting	Well-known foreign experts which have achievements in this field	Light alloy forming		
171	Xinchang	Listed Companies	Equipment manufacture	Research and development of super high strength spring steel	Rich experience in the study of metal materials; Have independent research and development achievements in the field; develop the material which the strength is up to 2200MPa, can meet the spring stress up to 1200Mpa, to ensure the fatigue life of spring reaches 1 million times	Metallic material	Cooperative technology development	Research and development equipment, team, 800-1500 thousand
172	Keqiao District	Listed Companies	CONSTRUCTION INDUS	Green-built GBS industrial Green integrated Architecture	building、 structure related professional background, Doctor; Extensive and in-depth research on integrated design and assembly construction of building products.; a certain	Energy conservation and environment	Cooperative technology development	300-800 thousand、 Research and

			TRY		research on the development of green integrated architecture	nt protection	nt	development funds、 Office housing
173	Keqiao District	Listed Companies	Equipment manufacture	Development of core special parts for rotor spinning machine and jet swirl spinning machine	Rotor Diamond coating Technology; Manufacturing Technology of Air-jet swirl spinning Hollow Ingot; Manufacturing Technology of 200000 RV / Splitter Maglev Motor	High-end Equipment manufacturing	technical transformation、 Cooperative technology development、 Cooperative establishment of enterprises	fund、 area、 Co operation platform、 300-800 thousand
174	Zhuji	Listed Companies	NEW ENVIRONMENTAL PROTECTION MATERIALS	Development of high efficiency and low resistance filtration materials	Major background in Polymer and Nonwovens: Filtration efficiency greater than 99.97%, Compression less than 25Pa	Non-wovens	Technology transfer or cooperative technology development	500-1000 thousand
175			NEW ENVIRONMENTAL PROTECTION	Development of adsorbent with high efficiency odor removal	Background of Polymer Organic Synthesis. Experience in extraction separation related engineering is preferred; Can be used to remove the smell of refrigerators, kitchens, bathrooms and the human body.	Organic chemistry		

			MATERIALS					
176	Zhuji	Listed Companies	Equipment manufacture	200-300kg Sapphire, Ruby long Crystal	More than five years of sapphire, ruby research and development, technology experience	New energy	Cooperative development	500-1000 thousand
177	Xinchang	Listed Companies	biomedicine	Development of pharmaceutical preparations	Master's degree or above ; Pharmaceutical related specialty; Drug preparation development, drug quality research, Europe and the United States registered professional direction; Rich experience in enterprise work is preferred	pharmaceutical preparation	Cooperative technology development	Research and development equipment, team, 500-1000 thousand
178				Structural modification of new compounds	Doctor, Have rich experience in professional field	Medicine, chemical synthesis, etc.		
179				Screening of new antitumor compounds	Doctor, Have rich experience in professional field	Pharmacology		
180				Study on technology improvement and new process of fat-soluble vitamins	Doctor, Have rich experience in professional field	Medicine, chemical synthesis, etc.		
181				Study on drug	Doctor, Have rich experience in professional	medicamen		

				preparation development and drug quality	field	t		
182	Xinchang	Listed Companies	biomedicine	Application problems of high temperature nylon modification	Proficient in preparation and production process of high temperature nylon resin; Proficient in Multi-blending Modification Technology of High temperature Nylon; Proficient in the structural relationship of high temperature nylon resin; Familiar with various testing methods and analysis of polymer materials	Other	Full-time or consultant	200-1500 thousand, Accommodation transportation
183	Xinchang	Listed Companies	biomedicine	Bio-fermentation Project	Proficient in improving fermentation level and yield; Proficient in fermentation engineering amplification; Mastery of fermentation automation	Other		
184	Xinchang	Listed Companies	MACHINERY MANUFACTURING	Improvement of steel pipe production process	Proficient in steel pipe production process,And can solve the problems encountered in the production process.	Mechanical manufacturing and design	Other	200-1000 thousand, board and lodging, Family allowance
185				Eddy Current, magnetic powder, ultrasonic reliability	Proficient in NDT	nondestructive inspection		
186				Finite element analysis and simulation of bearing	Proficient in bearing simulation and finite element analysis	machinery		
187	Yuecheng	High-	Ener	Treatment of	Experience of Wet Oxidation CWAO treatment of	Energy	Technology	More than

	District	tech leading enterprises	gy Saving and environmental protection	high concentration chemical wastewater by wet oxidation (CWAO)	High concentration Chemical Wastewater with floor	conservation and environment protection	transfer	1000 square meters chemical laboratory and office
188	Keqiao District	High-tech leading enterprises	Textile and Apparel	new nano-functional fabric garment development	Rich working experience in famous foreign clothing enterprises、 Research and development results of functional fabrics such as nano garments	costume designing	Cooperative technology development	More than 200 thousand, accommodation、 Research and development fund
189	Keqiao District	High-tech leading enterprises	New material	New material Project	high molecular and graphene with certain industrial prospect project	New material	technical cooperation, joint enterprise	More than 400 thousand
190			biomedicine	Medical Industry Project	Medical and health projects with their own characteristics in the medical field	Medical treatment		
191	Yuecheng District	Enterprises founded by overseas returnees	DIGITAL INFORMATION	LCD display control and feedback system based on synchronous camera	Major in machine vision or computer related, At least 2 years of relevant research or work	Electronic information、 Equipment manufacturing	technical transformation、 Cooperative technology development	Funds and research and development sites

		es						
192	Keqiao District	Key industrial enterprises	Energy Saving and environmental protection	Development and production of flame retardant materials	Advanced technical level in flame retardant materials, or have some achievements in the research and development of new flame-retardant materials	New material	Cooperative technology development	200-500 thousand, area, fund
193	Keqiao District	Key industrial enterprises	Construction	Remote monitoring	Remote monitoring and management of construction line	informatization	Cooperative development	Depending on the model of cooperation, the corresponding remuneration is provided
194	Xinchang	KEY INDUSTRIAL ENTERPRISES	biomedicine	Development of the derivative of plant-derived capsules	Doctor or above , Project products should meet CP/EP/USP related product standards	medicine	Cooperative technology development	600 thousand, personnel, area, fund
195	Xinchang	KEY INDUSTRIAL ENTERPRISES	Equipment manufacture	Innovative research on regulation technology for livestock growth efficiency and	British experts, professors ,academiciansand doctor in the field of agriculture, environmental protection and energy conservation; technical requirement: Innovative research on the control technology of livestock environment to ensure livestock growth efficiency and welfare	Agricultural science and technology	Cooperative technology development, Co -	200-500 thousand, personnel, area, fund

				welfare			establishment of enterprises	
196	Paojiang Development Zone	Science and Technology Enterprises	Energy Saving and environmental protection	Energy saving and environmental protection industry	Development project leads by professor senior Engineer; Have a solid foundation of knowledge, Be familiar with chemical heat balance and material balance calculation; can carry out the preliminary thermodynamic calculation of the boiler, Understand the boiler process; At least 15 years experience in design of desulphurization and denitrification or other environmental protection related specialties, Familiar with main-auxiliary equipment and thermal system, Familiar with power industry design code; Familiar with design specification and standard of environmental protection atmospheric treatment project (installation)	Environmental protection industry	Cooperative technology development	Research and development site, equipment, personnel, fund
197	Paojiang Development Zone	Science and Technology Enterprises	Health industry	Anesthesia	Talent requirements: Product development experience of Arrow international Inc, Britain Smith, Edward Medical, American Medtronic co., Ltd., Othron and other companies. Product requirements: EEG Dual Frequency Detector (BIS); The anesthesia machine; Narcotic consumables	medical apparatus and instruments	Cooperative establishment of enterprises	Hatching platform, financial support
198		Wound repair		Operating room sensory control product; Wound care products; Pressure therapy; Disinfection products	medical apparatus and			

199				Reproductive gynecology	Talent requirements: Experience in product development at Cook Medical and other reproductive products companies in the United States; Technical requirement: IVF high value consumables; IVF clinical adjuvant therapy instrument; IVF clinical test products	instruments、Life health		
200				Orthopedic	Talent requirements: Experience in product development at Medtronic Zimmer Stryker and others companies; Technical requirements: Orthopedic implant material; Orthopedic repair materials; 3D printing technology; Robot aided virtual surgery system in orthopedics; Minimally invasive surgical robots, etc.			
201				Diagnostic reagents, medical devices, etc.	Related technologies and products such as immunity, molecular diagnosis, second-generation sequencing, etc.			
202	Paojiang Development Zone	Science and Technology Enterprises	Health industry	Liquid biopsy	Circulating DNA extraction and circulating tumor cell isolation	Biological medicine	Cooperative technology development	Laboratory, partial funding
203			Health industry	Application of second generation sequencing in tumor detection	Understanding the second Generation sequencing Technology, big data Analysis			

204	Binhai New Town	Science and Technology Enterprises	Animal vaccines	Animal engineered subunit vaccine development	High throughput screening of monoclonal cell lines; Optimization of cell bioreactor fermentation process and amplification; Large scale VLP production; Protein purification and preparation	Biological medicine	Cooperative technology development	Project fund support and stock incentive
205	Binhai New Town	Science and Technology Enterprises	Health industry	Micro-flow control related diagnostic technology (instrument or reagent)	Above master's degree, At least 3 years experience in research and development of microfluidic project	Biological medicine	technical transformation or cooperative technology development 发	Project fund support and stock incentive
206	Yuecheng District	Enterprises founded by overseas returnees	Electronic information	Design and development of near-field active probes	Major in optics or materials, physics, At least 2 years of relevant research or work	Electronic information Equipment manufacturing	Cooperative technology development	Funding and R & D sites
207	Paojiang Development Zone	Entrepreneurial platform	Intelligent Manufacturing	Robot Project	No more than 55 years of age, Non-Chinese overseas talents with Doctor degree and apply for innovative talents long-term program can be relaxed to the age of 65. With independent intellectual property rights, R & D level and achievements recognized by peers, with international advanced, domestic first-class	Advanced manufacturing	Cooperative establishment of enterprises	Start-up funds, venues, entrepreneurial services, etc.

					level.After introduction, he has been working in Shaoxing for more than 5 years and not less than 9 months per year.			
208	Paojiang Development Zone	Entrepreneurial platform	Health industry	Biological diagnostic Reagents	No more than 55 years of age, Non-Chinese overseas talents with Doctor degree and apply for innovative talents long-term program can be relaxed to the age of 65. With independent intellectual property rights, R & D level and achievements recognized by peers, with international advanced, domestic first-class level.After introduction, he has been working in Shaoxing for more than 5 years and not less than 9 months per year.	Biological medicine		
209	Paojiang Development Zone	Entrepreneurial platform	Health industry	Wearable Medical Equipment Project	No more than 55 years of age, Non-Chinese overseas talents with Doctor degree and apply for innovative talents long-term program can be relaxed to the age of 65. With independent intellectual property rights, R & D level and achievements recognized by peers, with international advanced, domestic first-class level.After introduction, he has been working in Shaoxing for more than 5 years and not less than 9 months per year.	Biological medicine		

Summary of foreign experts ' requirements for 2018 years for listed companies and key enterprises in Shaoxing

No.	Settled Place	Type of Company	Industry field	Project name	Position requirements	professional field	Annual salary
210	Zhuji	Listed Companies	Equipment manufacture	Expert Advisor on new Energy directio	Wireless charging, hub motor, driverless hardware and software research and development and industrial development planning experience	Electronic information、Equipment manufacturing	500—2000 thousand
211	Zhuji	Listed Companies	Equipment manufacture	Expert advisor on new Energy (hydrogen fuel cell system)	Be engaged in fuel cell and system research, come to China for more than half a year	Equipment manufacturing	600-1000 thousand
212				New Energy (Automotive Motor Controller) expert Advisor	Electronic information、 power electronics、 Major in Mechanical Electronics or related , above Master's degree; More than 5 years experience in automotive electronics development; At least 3 years experience in motor control development; Experience in developing motor controller with TIDSP, Freescale and Infineon microcontroller		
213	Xinchang	Listed Companies	biomedicine	Chief Scientist	Pharmaceutical preparation specialty, English-speaking country preferred, Large foreign pharmaceutical companies are preferred, Experience in successful application and industrialization of slow and controlled release drugs	medicine	More than 1 million
214	Xinchang	Listed Companies	biomedicine	Chief Scientific Officer of preparation	Master's degree or above ; Pharmaceutical related specialty; Rich experience in enterprise is preferred,	Health industry	500-1000 thousand

					English proficiency is preferred		
215	Yuecheng District	Listed Companies	Communication equipment	Satellite Communication Research	Satellite Communication Specialty, scholar or above. Fluent or native English. At least 5 years technical research and development experience in wireless communication field. More than 2 years working experience in China	Satellite Communication Specialty	100—200 thousand (USD)
216	Zhuji	Listed Companies	Environmental protection new material	Low resistance filtration membrane material development Expert Consultant	Polymer molding specialty, Doctor, Experience in the development of thin film related materials	environmental protection	50—80 万
217	Xinchang	Listed Companies	Equipment manufacture	Product Manager	Doctor from overseas, Refrigeration, heat management, motor, fluid, machinery、 Electronic information engineering and other related majors	machine building	30-80 万
218	Keqiao District	Listed Companies	Construction	Technical Director	Introduction of integrated architecture design system to foreign countries, Research and Development of the Core connection area of Integrated Building	Integrated steel structure	500 thousand
219	Yuecheng District	High-tech leading enterprises	Energy Saving and environmental protection	High-concentration chemical wastewater wet oxidation (CWAO) Treatment engineering expert	With the experience on Catalytic Wet Air Oxidation (CWAO) treatment Project	Energy conservation and environmental protection	300-1000thousand
220	Xinchang	Key Industrial Enterprises	biomedicine	Technical Director	Senior experience in Biology, Molecular Biology, long-term cooperation	Medical apparatus and instruments	600-1200thousand
221	Xinchang	Key Industrial	Equipment manufacture	Chief engineer	Major in Mechanical, Thermal and Power Engineering, above Master's degree, English is better	Machine building	Over 600 thousand

		Enterprises	e				
222	Xinchang	Key Industrial Enterprises	biomedicine	Research and Development Consultant	Pharmacy related major, Doctor, At least 3 years working experience or R & D experience, Working for one year	Biological medicine	600 thousand
223	Shangyu District	Key Industrial Enterprises	New material	Experts in production and research of fluorine-containing polymers	Polymer chemical engineering, polymer material specialty, Doctor, More than ten years of research and development of fluorinated polymers	New material	Over 500 thousand
224	Yuecheng District	Key Industrial Enterprises	Building materials	Technical Director	Expert in Mechanized Construction of ready-mixed mortar	Ready-mixed mortar	200-400 thousand
225	Shangyu District	Key Industrial Enterprises	New material	PPS polymerization scientist	The process of polymerization and post-treatment of polyphenylene sulfide was optimized, and the product quality and appearance reached the standard product.; Optimization of high temperature nylon polymerization process and development of high temperature nylon products with different specifications	new material	Over 400 thousand
226				Process and equipment Engineer	Management of high-end imported equipment (such as dryers, centrifuges, etc.)	High-end Equipment manufacturing	Over 300 thousand
227	Xinchang	Key Industrial Enterprises	Equipment manufacturer	General manager of the group	Mechanical, Electromechanical and other related majors, Preferably Chinese, at least five years of relevant working experience in the enterprise; arrive at the end of March, at least 3 years	machine building	Over 360-480 thousand
228	Yuecheng District	High-tech leading	Refined tea manufacturing	Green tea planting and cultivation, plant	Tea specialty, Master's degree or above, More than 30 years working experience in matcha, Japanese is better	Tea specialty	Over 240 thousand

		enterprises	g	protection, fertilizer management, processing management, wipe tea review	; Date of Coming to China: From March to October each year
